

hello

My name is Melissa Parrish and I'm the owner and main photographer of Lovely Day Photo, founded in 2006. My style is a mix of photojournalism and creative portraiture...

That means for most of the day I'll stay out of the way, capturing your moments as they're happening. I absolutely love getting real smiles, real tears, real emotions and there's no amount of posing that can recreate those real moments.

I do, however, LOVE to create portraits too! I enjoy scoping out great backgrounds, finding the best light, and telling you to scoooch in close for some sweet, romantic, silly, happy portraits that you definitely won't find in your parent's wedding album. But don't worry, I never take it to an extreme, my goal is to create fun timeless images. Portraits that you will be proud of for years to come.

AND, to keep your parents and grandparents happy, I make sure to take a few traditional photos too, as well as the posed formal portraits at the church. I just try not to take too long on those, the more time we have to capture "real" moments, the happier you'll be with your photos!

Melissa Parrish
Lovely Day Photo

Overview

We like to keep things simple! We offer a few, easy to understand packages and an a la carte menu filled with fun stuff you can add on at anytime. To make sure we're there for the most important parts of your big day, we've included options for plenty of hours, you choose what time frame suits your needs! Our prices are guaranteed not to go up for one year from your contracted wedding date.

We also offer Save the Dates and Thank You Cards. Get a set of 100 custom 5x7 cards for \$200.

We LOOOOOVE designing albums!

Our album style is fun yet timeless, just like our photography. Choose from a wide variety of cover options, colors and album sizes to create a truly unique album that perfectly matches your wedding photos and personal style. We offer modern, flush mounted style albums. We like to tell the story of your day with big photos, panoramic spreads and creative designs. Every album we deliver is one of a kind!

Linen Cover - 30 pages

Add a spread (2 pages) +\$60

Cover or Spine Imprinting..... +\$25

How it works ...

Send us a list of your “must-haves” photos, up to 200. Using your favorites we’ll create a one-of-a-kind album that tells the story of your day and deliver you a first draft within 60 days. You’ll have two rounds of changes/photo swaps and will be required to sign off on the design before it goes to print. Base album pricing includes any one leather, silk or fabric cover and 16 spreads (32 pages). Once we have the final design, we’ll send it out to Finao and will have it back in 4-6 weeks. The more images you select the longer the book, but don’t worry, that’s why we have two rounds of drafts.

Engagements

.....

Nervous about getting your pictures taken?

If so, break the ice by scheduling an engagement session. It's the perfect way for us to get to know each other and you can use your photos for wedding day projects or save the dates.

We are dog people! Please feel free to include your dog(s), after all, they are part of your family!

Signature board

.....

A great way to display one of your favorite photos from your engagement session. Guests sign directly on the photo using archival pens that we provide. We'll even let you borrow our frame and easel to really show off your portrait on your wedding day.

20x24 Signature Portrait \$300
10x8 Signature Book \$300

Save the Dates

.....

Save the Date cards are a fun way to let people know you're getting married, before the formal invites goes out.

We can also create custom thank you's and holiday cards.

5x7 Double Sided Card
Starting at \$2 each

Everybody loves the Studio Booth!

how it works & what you get....

Grab a silly hat, strike a pose and have a blast. Not sure what to do? There's always a photographer in the booth to help guide the silliness to create fun, hilarious photos of you and your guests. Our booth is a little different than most typical booths. There's no printer on site and it's not "automatic." The photographer in the booth is shooting with a professional DSLR camera to capture all the action in high res! Take that shot of grandma in a sombrero and blow it up HUGE for your next big family get together! With high res images, you can create all kinds of stuff with your booth photos, including prints, albums and photo gifts.

The Studio Booth is set up and ready to go by cocktail hour, and is open throughout the time we're scheduled to be at your reception. Booth tear-down starts 15 minutes before we're scheduled to leave.

Within a week of the wedding, all your Booth photos go up into their own gallery on our proofing site. Your guests will be able to get into the gallery and download their pictures at no charge. You will also receive a copy of all the high res files from your booth along with your wedding day files.

Studio Booth

First Look

how it works...

The bride and groom get ready separately, just like “normal”. When both are dressed and ready, we take the groom to a place with great light and get ready to snap away! The bride is sent in and the groom turns to see her as she’s walking up. At that moment, you will completely forget we’re there, but we’ll be capturing every smile, every tear, every laugh and every kiss. Chances are, the “first look” photos will end up being some of your favorites from the entire day!

Why you should consider doing a “first look”...

We’ll have more time for amazing, natural light portraits. If you wait until the ceremony to see each other, we’ll have no choice but to do all your portraits after the wedding. This is no problem if you’re doing an afternoon wedding, but if it’ll be dark after your ceremony, our options for creative portraits are limited. Having an extra hour or two before the ceremony for wedding party and bride & groom portraits is a great option and also ensures you don’t miss your cocktail hour!

Get to your reception quicker and greet your guests sooner! After the ceremony, most of your guests will head over to the reception. You’ll be excited and ready to go see everyone and might even feel bad leaving everybody waiting while you take pictures. We’ve been to so many weddings now that we KNOW your coordinator will be pulling you towards the reception, your parents will be telling you to hurry up, your bridesmaids and groomsmen will be ready to get to the party! Getting all the photos done before your ceremony, when there’s no rush and nobody waiting for you is 150% less stressful! We promise!

Package Questions

Can I make prints with the USB drive that's included in our packages?

Absolutely! All the photos on your usb drive are high resolution, edited and ready to print. You can make prints anywhere you'd like and we'll give you a list of places we recommend.

Can I drop a few hours from my package to save some cash?

You can drop hours, but it won't save you anything, UNLESS you are getting married on a Friday or a Sunday. Saturdays are prime dates for us, so we rarely accept bookings for less than eight hours on Saturdays. If you're getting married on an off-day and are only looking for a few hours, email us for a custom quote, specific to your wedding needs.

Do we have to add albums now or can we order them later?

You can definitely order your album later! Most of clients wait until their online gallery goes up so they can see how many photos they want to include. Our album prices are guaranteed not to go up for one year after your contracted wedding date.

Have a question?

Check here first.
Chances are, its among our frequently asked questions that are listed. If it's not, don't hesitate to contact us! We will be happy to answer all of your questions.

Wedding Questions

Do you mind if our family members take photos at the wedding and reception?

Of course not! Tell Aunt Susie to snap away all she wants! We will never tell your family to put their cameras away and their flashes won't bother us in the least.

We have a break between our ceremony and reception. Can we break up our hours?

Our packages include 8, 10 or 12 hours of consecutive coverage, which means even if there is a break, we'll only be on the clock for the number of hours your package states. If you need additional hours, you can add them on to your package for \$300 per hour.

What if our reception runs later than expected? Can you stay 'til the very end to capture our grand exit?

Of course we can! If we stay more than 40 minutes late, though, you will be billed for overtime and no proofs will be posted until the overtime has been paid in full. Our hourly rate for overtime is the same as our pre-paid rate for extra hours (\$350 per hour).

Booking/Payment Options

We definitely want to book you! What's the next step?

Awesome! To officially book us, you'll have to sign our contract and pay a non-refundable booking fee of \$900. As soon as these two things are in, you're BOOKED! YAY!

It might take us a couple of months to get the booking fee saved up. Can you pencil us in?

Unfortunately, no, we can't. The only way to reserve your date with us is to sign a contract and pay the booking fee.

Can we make monthly payments?

Definitely! Just let us know and we are happy to give you a link to pay online each month.

When is our remaining balance due?

Your remaining balance is due on or before your wedding date. A reminder will be sent via email to help keep you on track.

Can we pay our final payment after the wedding?

The only payments that can be made after the wedding are album payments. The rest of your package has to be paid no later than the day of your wedding.
